

🎲 PHONICS DICE GAME 🎲

Word Building Race

Build as many words as possible within a time limit.

How to Play:

- Divide the class into small groups.
- Each group receives a set of phonics dice with different letters or blends.
- Set a timer for 3-5 minutes.
- Students take turns rolling the dice and must use the letters or sounds to form as many words as possible. They write down each word they create.
- When time is up, each group counts the number of valid words they've made.
- The group with the most words wins.

Variation: for advanced students, require the words to meet certain criteria, like being multisyllabic or fitting into a specific category (e.g., animals, food).
